AAWDI
EXPO 2026

WHY AAWDI EXPO 2026?

MORE THAN AN EXPO.
A MARKETPLACE FOR AGRICULTURAL OPPORTUNITY.

Agriculture cannot remain trapped between subsistence production and unfulfilled potential.

Nigeria has the land, people, markets and resources. What is required is the right ecosystem to connect production with technology, technology with capital, capital with enterprise, enterprise with markets and markets with global trade.

That is the ecosystem AAWDI Expo is designed to create.

Across five days, Abuja will become a meeting point for farmers, agribusinesses, technology companies, manufacturers, investors, financial institutions, government, development partners, buyers, off-takers and international stakeholders.

AT AAWDI EXPO, YOU WILL:

ACCESS MARKETS
Meet buyers, distributors, processors, off-takers and potential customers.

FROM POTENTIAL TO PRODUCTION. FROM PRODUCTION TO INDUSTRY. FROM INDUSTRY TO GLOBAL MARKETS.

The future of Nigerian agriculture cannot be built on yesterday's methods.
AAWDI Expo will showcase a new agricultural economy driven by: :

- Raw materials → Value-added products
- Local markets → Global markets

THE POWER OF 19 GOVERNMENT MDAs

WHERE POLICY MEETS ENTERPRISE

Agricultural transformation cannot happen in isolation. It requires collaboration across agriculture, industry, trade, finance, foreign affairs, technology, energy, infrastructure, regulation and investment.

AAWDI Expo is therefore being developed in collaboration with 19 Federal Government Ministries, Departments and Agencies, bringing government institutions and the private sector into one integrated platform.

Their participation creates opportunities for:

- Policy engagement
- Regulatory dialogue
- Investment facilitation
- Trade promotion
- Public-private partnerships
- Technology adoption
- Industrial development
- Agricultural financing
- Export promotion
- International cooperation
- Youth and women empowerment

Government provides the enabling environment. The private sector brings capital, technology, innovation, enterprise and markets.
AAWDI brings them together.

THE POWER OF OUR GRASSROOTS NETWORK

FROM THE FARM GATE TO THE GLOBAL MARKET

One of AAWDI's greatest strengths is its nationwide membership and grassroots reach.

Our network provides a powerful connection between national opportunities and farmers, cooperatives, agribusinesses and entrepreneurs across Nigeria.

This means the Expo is not disconnected from the people who actually produce.

It creates a pathway to:

- Mobilise farmers nationwide.
- Aggregate production.
- Connect producers with technology.
- Link farmers to finance.
- Connect commodities with off-takers.
- Promote modern production practices.
- Take innovations from demonstration to adoption.
- Create opportunities for youth and women.
- Build scalable agricultural enterprises.

NATIONWIDE REACH. GLOBAL CONNECTIONS. LOCAL IMPACT.
